

# Maple | Rustic Maple

Sky Valley offers more standard combinations of door styles, wood species and colors than most other cabinet companies, and our custom options give you unmatched flexibility. We also offer a number of "green" cabinetry options, and you can order it all with fixed lead times of as little as four weeks...

Known for its strength, consistent look and relatively uniform grain pattern, Maple has been used to make furniture in the U.S. since the Colonial days.

Grown throughout eastern North America, Maple is a stiff, strong wood with a smooth surface. The stability smooth surface make Maple the wood of choice for our many paint options.

Maple varies in color from nearly white to yellow, pink, light purple and even reddish brown. It will darken to golden yellow or amber hue with age.

We offer Maple as a standard wood species in all of our product lines, and Rustic Maple is available in our custom Framed and Euro cabinet lines.

**Rustic Maple** features a random blend of knots, pin holes, worm holes and tracks, bark pockets and cluster knots. While not available painted, it looks great with glazing! As with all Rustic styling, no single door or drawer front will perfectly match another, and each has its own characteristics.
