Standard gloss levels available on all colors except Burgundy and Ebony, which are Matte finish

- | | | | | |
|---------------------------------------|----------------------------------|--|--------------------------------------|-------------------------------------|
| <input type="checkbox"/> Burgundy (M) | <input type="checkbox"/> Caraway | <input type="checkbox"/> Cayenne | <input type="checkbox"/> Chicory | <input type="checkbox"/> Cinnamon |
| <input type="checkbox"/> Cordovan | <input type="checkbox"/> Dune | <input type="checkbox"/> Ebony (M) | <input type="checkbox"/> Espresso | <input type="checkbox"/> Graphite |
| <input type="checkbox"/> Hazelnut | <input type="checkbox"/> Honey | <input type="checkbox"/> Java | <input type="checkbox"/> Kona | <input type="checkbox"/> Mulberry |
| <input type="checkbox"/> Natural | <input type="checkbox"/> Opal | <input type="checkbox"/> Pecan | <input type="checkbox"/> Sable | <input type="checkbox"/> Sea Drift |
| <input type="checkbox"/> Taupe | <input type="checkbox"/> Toffee | <input type="checkbox"/> Whisper White | <input type="checkbox"/> Sealer Only | <input type="checkbox"/> Unfinished |

- | | | | | |
|--|--------------------------------|---------------------------------|-----------------------------------|--------------------------------|
| Paint (\$) <input type="checkbox"/> White | <input type="checkbox"/> Icing | <input type="checkbox"/> Crème | <input type="checkbox"/> Cornsilk | <input type="checkbox"/> Ochre |
| <input type="checkbox"/> Sand | <input type="checkbox"/> Mist | <input type="checkbox"/> Breeze | <input type="checkbox"/> Cardinal | <input type="checkbox"/> Sage |

-
- Crème Brule (Crème /dark highlighting) (\$)

Colors by Canyon Creek (fan deck) or Pick Your Paint (paint chip match)

Color selections: _____

Painted finishes (\$) are available on Maple, Red Oak or Maple with MDF panels only

- | | |
|-----------------------|--|
| Burnished (\$) | <input type="checkbox"/> Brick (red) |
| (Matte finish) | <input type="checkbox"/> Ebony (black) |
| Maple only | <input type="checkbox"/> Indigo (blue) |
| | <input type="checkbox"/> Verdi (green) |

Wood is lightly sanded in random areas after staining; some wood grain appears

- Thermofoil**
- Rigid vinyl foil over MDF substrate
-
- White
-
- Crème

GLOSS LEVEL and NAF

-
- Standard (35% sheen)
-
- Matte (15% sheen)
-
- Lo-Luster (5% sheen)

Gloss level (sheen) is determined by measuring amount of light that reflects off a surface (as a percentage). We offer three levels of gloss, at no additional charge. Gloss level may be specified with most colors.

-
- NAF (5% charge)

NAF (No Added Formaldehyde) topcoat option is available in all three gloss levels (with stains only).

FINISH ENHANCEMENTS****Glazing (\$)** Glaze material is flooded over surface then hand-wiped for an aged look. Glaze hang up will not be uniform on each piece or from piece to piece.

-
- Chocolate
-
- Pewter
-
- Suede
-
- Vanilla
-
- Licorice

Highlighting (\$) Material is airbrushed into detailed areas. Neat and uniform look on each piece and from piece to piece.

-
- Chocolate
-
- Pewter
-
- Suede
-
- Vanilla
-
- Licorice

-
- Chocolate Antiqued (\$)**
- On paint colors only. Light, muted brown brush strokes in grain direction.

-
- Licorice Patina (\$)**
- Heavy brush strokes in the direction of the wood grain create an antiqued look.

-
- Spattering (\$)**
- Small specs of black stain are randomly sprayed on finished areas.

-
- Sand-Through to Wood (\$)**
- Depicts wear to natural wood. On painted & burnished colors only. Paint color: _____

-
- Sand-Through to Color (\$)**
- Depicts top paint color having worn through to a previous stain color. Colors: _____

Distressing (\$) Distressing is best seen when Glazing (\$) is applied as it will hang up in distress marks. **Standard Distressing** is applied to all exposed finish parts of the cabinet and mouldings. **Artisan distressing** is applied to front of drawers and doors only and not to the face frame or side panels of box.

-
- Standard
-
- Artisan 1
-
- Artisan 2
-
- Artisan 3
-
- Artisan 4
-
- Artisan 5
-
- Artisan 6

DOOR EDGE DETAILS

Options vary by door style—check with your salesperson for details

F=Framed | E=Euro

Edge details with an “F” option have a routed finger pull that is continuous to within 2” of the edge on the top & bottom of doors and drawer fronts.

EURO CABINET BOX INTERIOR/EXTERIOR

Black and Grey Melamine Interiors

- Particleboard cabinet box construction only
- Cabinets up to 96” tall only
- Edge tape on components flush with cabinet face will match face of door
- Edge tape on components recessed from face of cabinet will match cabinet interior
- Closest matches in HPL are Wilsonart’s D381-60 Fashion Grey and 1595-60 Black
- Interior color will be on both faces (Interior and Exterior)
 - When IFE, IFTOP, IFBOT, FMI and FMI-BIB options are ordered, affected components will be finished to match door on both faces (Exception: Foil & Exotic Wood Veneer doors)

Integral Finished Surface: Interior/Exterior Colors

- The following charts explain how the interior side of a cabinet will be finished when an exterior Integral Finished option is applied to it (such as IFE, IFTOP or IFBOT)
- **Cabinet Interior** = Box interior selection, **MD** = Matches Door
- ***Note:** Bamboo and Rift White Oak - Finished surfaces will have PBD substrate even when PLY box material is selected, result may be a box constructed with both PBD and PLY. When PLY box is selected and interiors have any FMI option applied, PLY box up-charge will not be applied to cabinet.

Standard:

- Affects side(s) of cabinet box that have an Integral Finished option applied (Exceptions noted in charts at right)

Cabinet Interior	Integral Exterior face	Integral Interior face
WHV	MD	WHV
WGV	MD	WGV
NWV	MD	NWV
FMI	MD	MD
FMI-BIB	MD	MD
BLACK	MD	MD
GREY	MD	MD

Wood Species Exception:

- Wood veneer is on interior face of components and will NOT match cabinet interior selection (except NWV)
 - Alder
 - Beech
 - RWO*
 - Bamboo*
 - Vertical Grain Fir
